EDUCATION

Kashi Institute of Technology, Varanasi

2022 - 2026

Bachelor of Technology (Computer Science) - 7.5

Lal Bahadur Shastri Inter College, Varanasi

12th Science Stream (U.P Board) - 76.6%

2020 - 2021

10th Science Stream (U.P Board) - 83.33%

2018 - 2019

INTERSHIP

Websphere Solution Pvt. Ltd. | 13 May 2025 – 13 July 2025 (2 Months)

Software Developer Intern (Paid)

- Earned a paid internship position based on technical skills and performance.
- Developed production-level features for company projects.
- Debugged, tested, and improved existing codebase.
- Worked in a professional development environment using real client requirements.
- Improved problem-solving, coding efficiency, and teamwork skills.

Metconnect Infotech Pvt. Ltd. | 3 March 2026 – May 2026 (3 Months)

Full Stack Developer Trainee (Paid)

- Assisted in frontend and backend web development activities.
- Worked with database management and API integration.
- Participated in debugging, testing, and deployment processes.
- Collaborated with senior developers to learn full-stack development practices.
- Gained hands-on experience in software development lifecycle and web application development.

SKILLS

- Languages: HTML, JavaScript, Java, C (Basic)
- Libraries: CSS, React.js, React Hooks, Axios
- Frameworks: React.js, Next.js (15), Tailwind CSS
- Backend Technologies: Node.js, Express.js, REST API
- Tools: VS Code, Postman, Git, GitHub
- Databases: MongoDB

INTEREST

Building Web Applications, Exploring Modern Frameworks, Solving Programming Problems, Learning Industry-Level Development, Software Engineering

PROJECT

Business Services & Recruitment Platform | HTML, CSS, JavaScript, Bootstrap

- Developed a responsive multi-page business solutions website featuring IT services, recruitment, training, and digital solutions modules.
- Designed and implemented 15+ interactive webpages including Home, Services, Recruitment, Career, Contact, and Course Management sections.
- Integrated an intelligent chatbot system to improve client engagement and provide instant user assistance.
- Enhanced mobile and tablet responsiveness using flexible layouts, media queries, and modern UI design principles.
- Implemented CSS animations and interactive components to improve user experience and visual appeal.
- Optimized website structure, navigation flow, and content organization for better accessibility and usability.
- Resolved alignment, responsiveness, and cross-browser compatibility issues to ensure a consistent user experience.
- Improved website performance and maintainability through modular CSS organization and reusable components.

Advanced Admin Dashboard System | React.js, Node.js, Express.js, MongoDB, Tailwind CSS

- Developed a modern role-based Admin Dashboard for managing users, products, orders, and business analytics through a centralized interface.
- Built interactive dashboards with real-time statistics, data visualization charts, and performance monitoring features.
- Implemented secure JWT authentication and authorization with Admin, Manager, and User roles.
- Designed responsive and reusable UI components using React.js and Tailwind CSS for seamless desktop and mobile experiences.
- Developed RESTful APIs using Node.js and Express.js for efficient data management and system integration.
- Integrated MongoDB for scalable storage and optimized database queries to improve application performance.
- Implemented CRUD operations, search, filtering, pagination, and data export functionalities.
- Enhanced application security, error handling, and user experience through validation and protected routes.
- Followed component-based architecture and industry-standard coding practices to build a scalable and maintainable system.
